James: Quite, funny.

Liz: Tell me what your favorite subjects are?

James: My favorite subject is language, arts, and history. Because I like to read and I like to learn about the past and stuff.

Liz: And what do you like to do when you are not in school?

James: Read, watch TV, or go outside. I used to play on basketball. I am starting flat football soon.

Liz: So do you know what do you want to be when you grow-up?

James: Game designer. Like when I am 18, 19 I going like I just going to make a game.

Liz: All right...just don't give away too much. Because you got to patent that.

Nicole: He is very open. I think that a family will find that he is not going to close his heart.

Liz: So you want to be adopted?

James: Yes! I want to feel like I am in a family instead of like in a group home. A family that can treat me right. And respect me and stuff.

Liz: And what do you think you would bring to a family?

James: Everything!
